**Lyude Paul**
    **Secretary of X.Org**

# But first…

- A huge thanks to CodeWeavers for hosting this conference!

- And a special thanks to all of the organizers who helped run this year's XDC!

# Sponsors

- We had 11 sponsors in total this year!
- 4 travel grants provided
- Thanks to Emma Anholt for the invoicing!
- And thanks to Daniel for the sponsor hunting!

# XDC talks/paper committee

- 30 accepted talks
  - 26 full slot talks received
  - 8 half slot talks received
  - 4 lightning talks
  - 1 workshop
- Big thanks to everyone on the papers committee!

# XDC2023

- RFP process:
  https://www.x.org/wiki/Events/RFP/

- Sponsors welcome!
  https://www.x.org/wiki/Events/SponsorshipLevels/

- Unlikely to be virtual :)

# X.org/Freedesktop infrastructure updates

- Definitely still need volunteers!
- Finances are quite stable at this point
- Things are fairly reliable now :3

# fd.o CoC transparency report

- Excluding spam bots, we had:
  - 1 complaint of recurring behavior resulting in a ban
  - 2 formal complaints resolved with warnings
- There were a *lot* of spam bots though

# GSoC/EvoC/Outreachy

- We're back in GsoC!

- Partly a result of more flexible schedule guidelines, also a result of having volunteers for this again

- Thank you a ton to the people who stepped up to make this possible again:

  - Trevor Woerner

  - Rodrigo Siqueira

- We had 3 students, all passed! Congrats!

# GsoC/EVoC/Outreachy

- Could still use mentors for Outreachy!

# SFC

- Currently looking into SFC for new parent organization

- I forgot to finish typing this slide at the last minute :( so I will just describe this verbally

- *(for those at home, I mentioned:)*

  - X.org's needs as an organization increasing over time, making SFC a better fit

  - The move of course will have a member vote beforehand before being finalized

# Foundation

- You, yes you! Become a member. Benefits:
  - Voting!
  - Bragging rights!
  - Specifications!
  - Khronos conformance!
  - All of the cool kids are doing it!
- Anyone once involved with X.org/Freedesktop.org projects qualifies!
